

Impacts of the Pandemic in Education

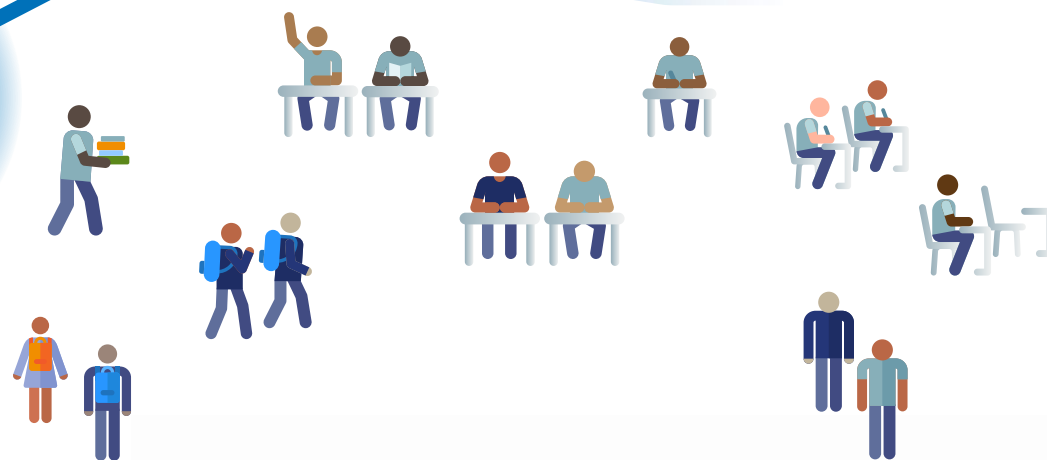

Brazil has
179,533
basic education
schools

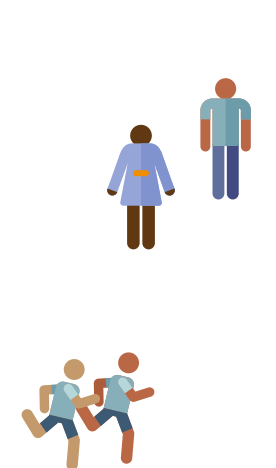

66.2%
of schools in
the municipal
network have
internet

In 2020,
there were
26.7 million
high school
enrollments

But...
4 million
students
dropped out
of school
in 2020

42%
of students
do not have adequate
equipment and conditions
to access
distance education

258 million
children and young
people did not have access
to education worldwide
en todo el mundo
